

Framery O

Ideal for one – awkward for two

Framery O is ideal for important calls or video conferences. Have your discussions in privacy without disturbing your colleagues. The classic office phone booth delivers leading sound insulation standards and echo-free acoustics, providing a comfortable working environment for one.

Perfect for you

How do you work best? Choose the interior layout that best suits your needs.

For quick calls

If you work best on your feet, choose Framery O without a seat. Perfect for those quick ad-hoc calls and standing work. Installation is fast and the pod is ready to be used the same day it's delivered.

Videoconferences are here to stay

Framery O is also available in the Video Conference Ready variant. A tilting screen bracket and the LED lighting surrounding the screen provide optimal conditions for videoconferences, with the control panel enabling you to adjust the lighting and airflow inside the pod.

Output values	Output VAC (power socket): 100-240 VAC, 6,6 A, 50-60 Hz Output USB (TUF) charging: Maximum combined output of 5 A at 5 VDC (25 W)	

All electric components can be changed if there is a malfunction. Power consumption is a constant value that is determined by the power usage of the pods' internal components (electric unit, motion detector, light and fans). Framery's products can be plugged into a wall socket. The pods have their own power supplies that give 24 V DC to the lights and 12 V DC to the fans. The lights and fans are operated by a motion detector. Inside the pods, there are country-specific power outlets for charging mobile devices.
